Wolfgang Amadeus Mozart was one of the most notable composers of the Viennese Classical style and is revered today for his genius in composing many of the important musical forms of that era. Mozart's sacred choral works include masses, a requiem and miscellaneous works for various performance occasions. **Ave verum Corpus** (K. 618), one of Mozart's most beautiful and beloved works, was composed as an independent choral work in June, 1791, six months before the composer's death.

The source for this edition is *W. A. Mozart's Werke, Series 3/2*, p. 123, published by Breitkopf and Härtel, 1876-1905. **Ave verum Corpus** was scored originally for S.A.T.B. voices, strings, continuo and organ. This new S.A.T.B. edition includes a keyboard reduction of the instrumental parts and a newly composed optional C-Instrument part inspired by the original orchestration. Since Mozart indicated only "sotto voce" for the entire piece, the editor has added dynamic indications, which are to be performed within a very conservative range. The editor has also added an optional English text and metronome markings. This work should be performed with very smooth phrasing and a general feeling of two pulses per measure.

Ave verum Corpus is appropriate for Lent and Holy Week. Suggested corresponding lectionary readings include Exodus 12: 1-14, Psalm 116: 12-18, Isaiah 52: 13-15 & 53: 1-12, John 18: 1-40 & 19: 1-42, and 1 Corinthians 11: 23-26. One basic homiletical theme is that Jesus, the word of God incarnate and the son of Mary, was crucified and died for our sins.
